

# Ci/Cd Significance

---

Mohammed Alghamdi

# Agenda

---

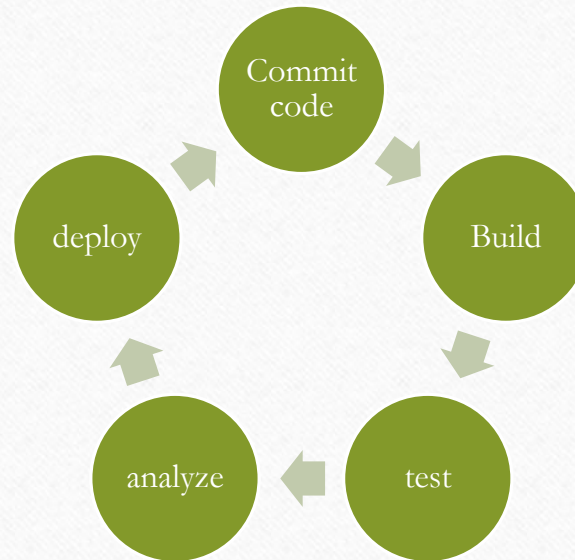

- 1- What is Ci/Cd Pipeline
- 2- Ci/Cd Pipelines benefits
- 3- Cost

# What is Ci/Cd Pipeline

---

It is an automation pipeline for the process of code delivery.

# Ci/Cd Pipeline Benefits

---

- 1- It significantly reduces the time to integrate different working codes.
- 2- It makes deploying a tested code a lot faster
- 3- The process becomes easier to monitor and audit.

# Cost

---

None!!! As a matter of fact, it saves cost.

Thank you for listening
